6. Procedure

6.1 Internal Communication

- Top management shall communicate the organization's quality policy, quality objectives and procedures to all employees.
- Top management shall communicate the importance of meeting customer requirements and applicable regulatory requirements.
- The roles and responsibilities of all the employees shall be documented and communicated.
- Modes of internal communication may include the following but not limited to:
 - o Emails;
 - o Message applications;
 - o Meetings;
 - o Trainings;
 - o Internal Audits;
 - o Minutes of Management Review Meetings;
 - o Notice boards.

6.2 External Communication

- External communication may include any communication with the customer, supplier or external regulatory agency.
- External communication with the customer may be related to:
 - o Service inquiries;
 - o Marketing or promotional information;
 - o Contract reviews and purchase orders;
 - o Amendments and supplements of contracts or purchase orders;
 - o Product deliveries;
 - o Customer feedbacks;
 - o Complaints including non-conformities.
- Communication with certification body shall be performed by MR and/or top management. Such communication may occur via email or through pre-scheduled meetings.
- Communication with external certification body (regulatory agency) shall be done on behalf of the customer only if such an arrangement is agreed and documented.

- Communication with the supplier may be related to:
 - o Supplier evaluations
 - o Complaints
 - o Project-related queries
 - o Document exchanges
- Modes of external communication may include the following but not limited to:
 - o Emails;
 - o Company website;
 - o Marketing flyers;
 - o Brochures;
 - o LinkedIn page.
- Any communication that involves exchanging confidential information or service with external stakeholders shall be performed after the written consent from management.
- Customer feedbacks shall be collected as per the Procedure for Customer Feedback (AL/SOP/11).
- Complaint handling shall be performed as per the Procedure for Complaints Handling (AL/SOP/10).
